U18 Climbing & Bouldering Registration Form

Participation Statement: Climbing and bouldering are activities with a danger of personal injury. Participants in these activities should be aware of and accept these risks and be responsible for their own actions and involvement. Although the climbing wall is an artificial environment, many of the risks involved are no less serious than when climbing outside on a crag or boulder. Climbing beyond your capabilities on any indoor wall is likely to result in a fall. Any fall may result in an injury despite the safety systems in place to avoid it. You must make your own assessment of the risks whenever you climb.

By providing the details below you consent to Suas Climbing Centre using them to keep in touch with you regarding your use and membership of Suas Climbing Centre.
